

MAGICAL MACKERS

Face/Arm Painting (optional)

A fun start to any party and a great way to break the ice!
This is a one on one process so the more kids, the longer this part will take!
We also do Glitter tattoos for older kids too upon request! If you do not like the idea of a one on one process we would recommend leaving this out and focusing more time on the other activities that engage all children at once.

Magic Show

The BEST part!! When it's your birthday or communion you have extra magic in your hands! Watch how things disappear, re-appear and much more through magical stories told by the entertainer!

Pupppets (if age appropriate)

Children under the age of 6 LOVE this part. A little rascal in the suitcase comes out to create some mischief!

Parachute Games

Great fun for all ages! A cleared floor space needed for this...
If you do not have the space we can leave this part out.

Party Games

Musical statues, Limbo, Musical bumps, dance off...
games vary as no group of kids is ever the same!

Bubble Disco

Some awesome bubbles, dancing and sing along style karaoke!
If your child has a favourite song just let us know in advance and your entertainer will play it on the day!

Balloon Animals (optional)

Balloon animals for all the kids to take home -Yay!
This package always includes face painting but it's no problem to leave out balloon animals if you'd prefer more time spent on the party games.

Recommended number of kids

1 hr: Face painting and balloons are ONE ON ONE PROCESSES! If you leave these activities out then you can have a limitless number of kids (up to 250 kids). Up to 10kids you can include all activities and up to 18kids you would need to leave out the face painting or opt for 1.5hrs.

1.5 hrs: You can have up to 18 Kids including all activities. If you expect over 18 Kids, we recommend leaving out face painting or balloons. If you expect 35 kids+ (up to 250 Kids) the face painting and balloon animals will not be included. There will be an extended bubble disco instead.

2 hrs: All activities will be included for 18-30max Kids

Top Tip!

If you leave out face painting or just opt for 1 hour of entertainment be sure to have the kids arrive 15-30mins before to ensure no one misses out if they are late. If you include face painting the kids can arrive on time and have their faces painted on arrival to avoid queues!

SET UP

We bring a BIG suitcase and equipment necessary to carry out all of the awesome activities ... as it's super heavy it's important that there is parking available at the venue for your entertainer on the day!
For set up your entertainer will need a table, chair and cup of water for face painting, a clear floor space and access to a plug for the magic, party games and dancing!

FOOD TIME - Save the goodies for later!

We advise feeding the children after the entertainer has finished. Giving them food during the entertainment tends to be a distraction and could be a choking hazard during games.
If you would prefer to feed them while the entertainer is still there the entertainer can give the children the balloon animals towards the end as they are eating

TRAINEE

The main difference is that our main entertainers have a lot more experience than our trainees, however, our trainees have done lots of parties with us and we've had great feedback from parents! Both trainee and main entertainers cover all of the activities in each package but naturally, there is a difference between the two of them due to experience. Some parents prefer the idea of a more experienced entertainer and others prefer to get the discount with the trainee.. it is a personal preference

PARKING

As parking is important for our entertainers please make sure there is a place directly outside your home or chosen venue as they will have equipment to bring in. It is also important that no one parks behind the entertainer's car so she can get back to magic land after the party!

TODDLERS

We do not recommend our parties for 1-and 2 year olds unless you also expect children aged 3+ there on the day too! The 1 and 2 year olds may not follow all of the entertainment or have the concentration to sit still for long so it's important that they are supervised for this part to ensure maximum enjoyment for everyone.

If the main age group is 1-3 years they may not sit for a lot of magic but our funny bunny puppet, bubbles, music and parachutes games work wonders as they adore the visuals! If you do have a mixed age group where there are 3/4 year olds and upwards the magic show is usually the highlight of the party for them. Our most popular package is the Magical Mackers where you can have a mix of all activities so there's something there for everyone!

It is important to note that when the party is for a mix of ages, toddlers need be supervised by an adult at all times as the entertainers' focus is on the group as a whole and a wandering toddler can disrupt the party for the other kids. Also, parents need to be mindful of the entertainers equipment as it can be dangerous for little ones if they touch the electrics, bubble juice etc.

OLDER KIDS

We would usually suggest the Disco Rockstar theme carrying out the Magical Mackers package however we automatically leave out the puppets for parties aged 7 plus. Instead, we focus on more magic and games. They love the bubble disco and if they have any particular favourite songs do let us know and the entertainer will make sure to have them so that they can sing along to their favourite songs in the microphone upon request. The magical Mackers package is offered to children up to the age of 8. If your child is 8 going on 9 or does not enjoy dancing and games it might be best to opt for our sister company - JD Magicians or the adult / Kid combo package.

PAYMENT & CANCELLATION POLICY

Once you have booked a party and paid the deposit, the balance can be made by cash on the day. the entertainer CANNOT accept cheques! Please be sure to have the entertainer's fee ready before the party starts. When the entertainer finishes, the kids usually come charging at her to say goodbye and to you for party food, and you may find yourself with your hands full and in no position to hunt for your wallet! During busy periods your entertainer may have another party to get to so delaying her exit should be avoided so that the next client (in magic land) is not left waiting!

Our deposits are usually non-refundable However, if your party is not during December or May your deposit can be taken from the next party you book.
